Upon opening your document, you'll see that Microsoft Office Word Viewer displays just as it would in the original Microsoft Word, only without any of the editing tools.. In all, Microsoft Office Word Viewer 2007 is a small and useful free download for viewing Microsoft Word documents.. It opens docx but not natively, but through a converter and slower than doc files.

You may either print the document (which works just as well as printing from the full version of Word), and you're also allowed to copy the text and paste it into another application.. While it has no editing functions, it lets you read documents from any version of Microsoft Word with ease.. While you cannot export or save any document from Microsoft Office Word Viewer, you do have two options for obtaining a copy of the text. 773a7aa168 [Zmud 7.21 Keygen](#)
